

An Introduction to Rallying – March 12, 2010 – 7:00PM

Routing 101 – An introduction to basic routing for motorcycle rallying. No prerequisites or prior rally experience is required. Intended for the motorcyclist pursuing a half-day bonus-hunting rally such as the LowCal 250, or any similar event offering multiple solutions. There will be an emphasis on safety in this course.

*The theme of the course is
"Constraints, Efficiencies & Contingencies"*

Some highlights:

- The Rally Packet
- Basic Concepts
- Routing Tools
- Route Strategies (Rule of Thirds/Splitting the Day/Zig-zag Return)
- Stop Management (how to lose a rally at 0-5MPH)
- Implementing Contingencies

A detailed outline will be supplied. No special equipment is required and no specific GPS's or mapping software will be covered in the course, but you may bring whatever tools you like to complete the practical exercise.

Craig Chaddock, the primary instructor, is the rallymaster for the LowCal 250 in San Diego County. Please RVSP by email craigchaddock@yahoo.com. There is no cost but we need a headcount for materials and would like to have your email to send out a reminder for the date.

The class will be held at San Diego BMW Motorcycles
5673 Kearny Villa Road
San Diego, CA 92123 858-560-BIKE (2453)

Then ride the LowCal250 on Saturday, April 24, 2010 – 7:00am!!
